Situata a Castegnato, in provincia di Brescia, TIEMME opera in due stabilimenti adiacenti. Nel primo, di circa 10.000 m² coperti, sono situati produzione, uffici e la divisione Sistemi che offre un efficiente servizio di progettazione e di consulenza impiantistica. L'altro, che copre una superficie di oltre 25.000 m², ospita un moderno polo logistico a basso impatto e l'ampio reparto per la produzione dei tubi multistrato, PE-X (polietilene reticolato) e PPR (polipropilene Random). Esperienza e capacità di innovazione, grande creatività e produzione esclusivamente Made in Italy, cura nel servizio e rispetto per l'ambiente sono i punti di forza che caratterizzano le soluzioni per l'impiantistica termoidraulica di TIEMME, perfetta combinazione di competenza tecnica ed eccellenza produttiva. La costante attività di ricerca e ampliamento della gamma permette all'azienda di proporre nuove possibilità applicative dei prodotti idrotermosanitari, fornendo agli operatori del settore soluzioni per l'impiantistica sempre più ampie, puntuali e dalle elevate caratteristiche tecniche. Con questa cura e visione imprenditoriale, TIEMME propone un'ampia gamma di rubinetteria cromata per ambienti bagno e cucina, interamente prodotte nel nuovo stabilimento da 5.000 m² di Torbole Casaglia (Brescia) che racchiudono ed esaltano tutta la tecnica, la competenza e l'esperienza sviluppata negli anni. Le materie prime utilizzate e i trattamenti galvanici rispettano pienamente l'ambiente e sono interamente Made in Italy.

Headquartered in Castegnato, in the province of Brescia, TIEMME operates in two adjacent plants. In the first one, covering approximately 10,000 square meters, are located the production department, the offices and the Systems division, offering an efficient design and plant engineering advisory service. The other one, which covers an area of over 25,000 square meters, houses a modern low-impact logistics hub and a large department for the production of multilayer tubes, PE-X (cross-linked polyethylene) and RPP (Random polypropylene).

Experience and ability to innovate, great creativity and exclusively Made in Italy production, care in service and respect for the environment are the strengths featuring the solutions for TIEMME HVAC and plumbing fixture plant engineering, a perfect combination of technical expertise and manufacturing excellence. The steady research and expansion of the product range allows the company to propose new application possibilities for HVAC and plumbing fixture products, providing industry operators with high technical feature solutions for more and more extensive and exact plant engineering. With this care and entrepreneurial vision, today TIEMME offers thirteen new collections of chrome-plated tapware for bathrooms, entirely manufactured in the new 5,000 square meters factory in Torbole Casaglia (Brescia), which embody and enhance the whole technique, expertise and experience developed over the years. The raw materials used and the galvanic handling fully respect the environment and are entirely Made in Italy.

IL VALORE DELL'ACQUA: MENO SPRECHI PIÙ VANTAGGI

THE VALUE OF WATER: LESS WASTE MORE BENEFITS

TIEMME propone una gestione più efficiente dell'acqua in ambito domestico, considerandolo elemento vitale. La protezione del clima inizia da semplici azioni quotidiane quali il farsi la doccia o lavarsi le mani. Alle imprese che operano nel settore sanitario, viene chiesto di promuovere innovazioni che consentano notevoli risparmi idrici ed energetici, senza tuttavia limitare il comfort e la qualità della vita. TIEMME ha imposto un nuovo standard per tutti i suoi miscelatori, introducendo un innovativo rompigetto in grado di ridurre il flusso dell'acqua del 30% grazie alla combinazione di limitazione del flusso e arricchimento dell'acqua. Inoltre, con la sua innovativa tecnologia green propone articoli ecologicamente qualitativi.

Il Sistema Qualità TIEMME è lo strumento principe per garantire ai Clienti prodotti e servizi che soddisfino le loro aspettative di qualità costante al massimo livello e puntualità nella consegna, in un processo di miglioramento continuo, nel pieno rispetto della sicurezza e dell'ambiente. TIEMME ha ottenuto nel 1999 la certificazione ISO 9002 del proprio Sistema di Qualità e nel 2003 la certificazione ISO 9001, conseguenza naturale della politica di qualità totale e di raggiungimento dell'eccellenza da sempre perseguita dall'azienda. I prodotti TIEMME sono controllati e riconosciuti in tutto il mondo da oltre 70 enti di omologazione tra i più prestigiosi. Una efficiente e moderna assistenza formata da tecnici addestrati è completamente a disposizione della clientela.

TIEMME proposes a more efficient management of water in the domestic sphere, considering the relevant consumption as a vital element. Climate protection starts with simple daily actions such as taking a shower or washing your hands. Companies operating in the fixture sector are asked to promote innovations that allow significant savings in terms of water and energy, without limiting comfort and quality of life. TIEMME has implemented a new standard for all its mixers, introducing an innovative flow regulating nozzle designed to reduce water flow by 30% thanks to the combination of flow limitation and water enrichment. In addition, with its innovative green technology we offer ecologically qualitative items. TIEMME Quality Management System is the utmost tool to guarantee customers products and services that meet their expectations of constant quality at the highest level and timely delivery, in a process of continuous improvement, in full respect of safety and the environment. TIEMME obtained in 1999 the ISO 9002 certification of its Quality Management System and in 2003 the ISO 9001 certification, a natural consequence of the overall quality policy and the attainment of the excellence, which has always been pursued by the company. TIEMME products are controlled and recognized around the world by over 70 certification bodies among the most prestigious. An efficient and modern service formed by trained technicians is fully available for our customers.

SISTEMA DI RISPARMIO ACQUA ED ENERGIA

WATER AND ENERGY SAVING SYSTEM

Per promuovere il risparmio idrico ed energetico Tiemme ha imposto un nuovo standard per i suoi miscelatori, introducendo cartucce monocomando che hanno due caratteristiche speciali:

RISPARMIO IDRICO

Per avere più portata d'acqua bisogna vincere una resistenza in apertura (evita sprechi durante l'inconsapevole apertura dell'acqua).

RISPARMIO ENERGETICO

I rubinetti Tiemme aprono al centro dando acqua fredda, l'acqua calda esce solo con una rotazione della leva verso sinistra.

In order to promote water and energy saving Tiemme has set a new standard for its mixers, by introducing single-control cartridges with two special characteristics:

WATER SAVING

It is necessary to overcome an opening resistance in order to have a greater water flow (it avoids any unnecessary consumption during the unaware flowing of water).

ENERGY SAVING

Tiemme faucets open at the centre and give cold water, while hot water flows only by rotating the lever to the left.

PENSATO PROGETTATO PRODOTTO IN ITALIA

THOUGHT DESIGNED PRODUCED IN ITALY

Con una produzione assolutamente “Made in Tiemme”, l’Azienda rappresenta il Made in Italy più vero e genuino; quello che conduce in ogni luogo del pianeta, attraverso i prodotti, la qualità della cultura imprenditoriale italiana. Una politica aziendale sempre più premiata dal mercato che riconosce a TIEMME la serietà, la competenza e la creatività tipicamente Italiane.

I vantaggi del 100% Made in Italy di TIEMME:

- Sicurezza e affidabilità dei sistemi offerti
- Incessante ricerca e sviluppo di nuove soluzioni
- Continuità e certezza della produzione
- Esperienza e know-how
- Alti standard qualitativi che esaltano la competitività commerciale
- Una lunga tradizione imprenditoriale su un territorio, quello bresciano, da cui proviene l’80% dell’ottone stampato in Europa
- Garanzia di standard europei per il rispetto delle norme di sicurezza sul lavoro e di tutela ambientale.

With an exclusively “Made in TIEMME” production, the Company embodies the most authentic and genuine Made in Italy; a value that is brought everywhere in the world through the products and the quality of Italian entrepreneurial culture.

The company policy is increasingly rewarded by the market, which acknowledges TIEMME the typically Italian seriousness, competence and creativity.

The 100% Made in Italy advantages of TIEMME:

- Safety and reliability of the offered systems
- Unceasing research and development of new solutions
- Continuity and guarantee of production
- Experience and know-how
- High quality standards that boost the commercial competitiveness
- A long entrepreneurial tradition in the territory of Brescia, where 80% of the European forged brass is manufactured
- European Standard warranty for compliance with safety regulations in the workplace and environmental protection.
